Fire Commission. The twenty-eighth of each month at 8:00 p. m., at Central Fire Station.

Trustees of Woodlawn Cemetery. Last Friday of each month.

Trustees of Edgewood Cemetery. Last Monday of each month.

MAYOR'S INAUGURAL.

Delivered in Court Room, City Hall Building,
Monday, Jan. 2, 1905.

GENTLEMEN OF THE CITY COUNCILS:—

We have been selected by our fellow-citizens to conduct the affairs of this city for the next two years. In assuming these responsibilities, let it be our earnest endeavor to perform our duties to the best of our ability, so that, at the end of our term of office we may at least have the personal satisfaction of knowing that we have done the best we could for our city.

It is not my purpose to occupy your time today with any lengthy recommendations or to weary your patience with an array of figures and statistics taken, as they must necessarily be, from former city reports with which you are all more or less familiar. I will, however, outline the policy of this administration as briefly as possible.

I only ask as the various matters come before you for action that you give them the same careful attention that you would your own private business.

The finances of the city are in an unsatisfactory condition. We are confronted with a large city debt, which has been rapidly increasing since my first connection with the city councils, 14 years ago. At the close of the year 1890 the net city debt was $315,210.40. At the close of the year 1904 the net city debt was $590,425.49 showing an increase of $275,215.09 during that period. Our bonded indebtedness at the present time is $747,508.91. Mortgaging the future to pay the present, when carried

to extremes, is, in my opinion, an unwise policy. I believe that we have gone as far as we should in that direction. In the matter of incurring debt for improvements, a wise discrimination should be exercised.

Following is a statement of the resources and liabilities of the city at the present time:

Resources.

Uncollected taxes for 1901, . .	$ 835 69	
Uncollected taxes for 1902, . .	1,016 45	
Uncollected taxes for 1903, . .	4,403 92	
Uncollected taxes for 1904, . .	55,106 55	
Sinking fund , ...	159,643 18	
Cash on hand, ...	708 90	
		$221,714 69

Liabilities.

Bonded debt, ...	$747,508 91	
Time notes, ...	46,000 00	
Demand notes, ...	18,631 27	
		$812,140 18
Liabilities, ...	$812,140 18	
Resources, ...	221,714 69	
Net debt, ...		$590,425 49
Net debt, 1903	$558,392 10	
Net debt, 1904, ...	590,425 49	
Increase, ...		$ 32,033 39

In view of the condition of our finances and of the present high tax rate, which is not only a burden to the taxpayer but a

hinderance to the growth and prosperity of the city, I submit, gentlemen, that economy should prevail in all departments. I shall recommend only such permanent improvements as are absolutely necessary to keep us a prosperous, up-to-date New England city. I ask that rigid economy be practiced in all matters calling for expenditures of the public funds. In this, as well as in all other matters that may come before us, I desire your hearty co-operation.

By the courtesy of my predecessor, I was enabled to visit the city farm on the occasion of the annual inspection by the committee. I was very much pleased with the condition of things so far as I was able to judge from a superficial examination. The superintendent, Mr. Wheeler, and Mrs. Wheeler, who ably assists him as matron, seem very much interested in their work. I understand that under the management of Mr. Wheeler the farm has been made to produce excellent crops. I think that it would be a mistake to make a change in the management.

The police department needs a patrol wagon and police signal system. These improvements would add very materially to the efficiency of the force; but I cannot recommend that the city go to the expense of procuring them at this time.

The fire department is in an excellent condition. It is well equipped with apparatus and I understand that it will not call for any additional outlay other than for ordinary running ex penses of the year.

The board of public works is comparatively a new department, and while many believe it will be a great improvement over the method employed in former years, time alone can demonstrate that fact. It certainly is very important. The condition of our streets and sewers, over which this department has entire control, is of vital interest to all our citizens.

It is a source of great pleasure to us all that the new High school building is nearly completed and ready for occupancy. For years we have needed additional room to accommodate the rapidly increasing number of pupils in our public schools. With

the addition of this new building we are well provided with room for the present. With the removal of the High school pupils from their old quarters at the Spring street schoolhouse, we shall be enabled to utilize this building for the primary grades which now occupy the Main street schoolhouse. Possibly we may be able to use the Main street building some time in the future as a manual training school.

The tendency of public schools in the past has been more toward the theoretical than the practical side. But there is growing today all over the country a recognition of the value of studying the practical along with the theoretical. In a great many New England cities there have been established schools of manual training. The important part which manual labor plays in the world was never before so universally realized. Eighty per cent. of the boys and girls in the public schools of this city will have to earn their living by manual labor. It is not only fitting, therefore, but it is absolutely essential that these boys and girls be given the best practical training that the city can afford. I hope in the near future to see a start made in this direction in this city.

It is a source of pleasure that there has been added to the curriculum of the High school a business course in short hand and typewriting. I believe that it will be a great benefit to many of the pupils.

In conclusion, gentlemen, let me urge upon you the importance of harmonious and united action; let a spirit of fairness prevail in all our deliberations; eliminate, so far as possible, all partisanship; remember always that the taxpayers have a right to expect that their money will be expended judiciously and carefully, and finally, gentlemen, let us show by our actions that we are determined to do all that lies within our power at all times to advance the interest of all our citizens.

CITY TREASURER'S REPORT.

NASHUA, N. H.

To His Honor, the Mayor, and City Councils of Nashua:—

GENTLEMEN:—I herewith submit the report of the city treasurer for the financial year ending Dec. 31, 1904.

84. Main, foot of High street.
91. Cottage, corner East Pearl street.
92. Central Fire Station, Olive street.
112. Concord, corner Elliot street.

Fire Alarm Telegraph.

This branch of the service is in good condition but will, in the near future, require a larger and more up-to-date machine than the one now in use as the number of boxes have been doubled since its installation and has now reached its limit in two of the four circuits.

The outlay required will be, approximately, $1,500.00 for an eight circuit machine in place of the four circuit machine now in use.

Instructions to Key Holders and Citizens.

1. Upon the discovery of a fire, go to the nearest box, turn key in lock, and hold bolt back with key, as it is a spring lock, pull down the hook as far as it will go; shut the door. Do not try to remove the key, as it is locked in, and cannot be removed unless by one of the engineers, who will, as soon as convenient, release and return it.

2. All persons giving fire alarms should remain awhile beside the box so as to direct the firemen to the fire.

3. No person will give an alarm for the same fire after the first alarm has been given without an order from an engineer or the officer in command, and the person so ordered will be sure to go to the same box from which the first alarm was given and report to the chief engineer.

4. Never signal for a fire seen at a distance; never touch a box except to give an alarm of fire; do not give an alarm for a chimney fire.

5. Never let a key out of your possession unless called for by the chief engineer. If you change your residence or place of business where the keys are kept, return the key to the same officer.

Apparatus and Hose.

The apparatus consists of four Amoskeag steam fire engines, one one-horse reel, four two-horse hose wagons, four supply wagons, one hook and ladder truck, one combination chemical and hook and ladder truck, one Babcock chemical engine. All in first-class condition.

We have, at present, about 11,000 feet of fabric hose in good condition.

Estimated Value of Property.

ANNUAL REPORT

OF THE

BOARD OF PUBLIC WORKS

FOR THE

Year Ending December 15, 1904.

To the Honorable, The City Councils of the City of Nashua, New Hampshire:—

Gentlemen:—According to Section 5 of Chapter 283 of the Laws of the State of New Hampshire, entitled An Act in Amendment of the Charter of the City of Nashua, the Board of Public Works presents to you its annual report for the twelve months ending December 15, 1904.

Regular meetings of the Board have been held twice a month for the approval of bills and pay rolls and the consideration of other business.

ORGANIZATION.

January 1st, 1904, His Honor, Mayor Doyle appointed Dr. Augustus W. Shea to serve on the Board of Public Works for a term of three years and his appointment was confirmed by the Board of Aldermen.

Following are the members of the Board of Public Works:

Hon. J. J. Doyle, Mayor, (Chairman, ex-officio.)

Edward J. Johnson, City Engineer (member ex-officio), clerk.
Augustus W. Shea, term expires Jan. 1st, 1907.
Henri T. Ledoux, term expires Jan. 1st, 1906.
Arthur W. Dean, term expires Jan. 1st, 1905.

At the regular meeting January 15th, Mr. Augustus C. Blain was elected Superintendent of Streets for the ensuing year at a salary of $1,200.00 per year and Mr. Ovid F. Winslow, Assistant Superintendent of Streets, for the same time at a salary of $800.00 per year, and Mr. Edward J. Johnson was elected clerk.

EXPENDITURES AND DESCRIPTION OF WORK.

Reference is made to Table A at the end of this report for location of work.

HIGHWAY DEPARTMENT.

Bridges and Culverts, ... $368 94

Necessary repairs have been made to the structures about the city, most of which are of wood. The iron bridge over the Merrimack river to Hudson, and the iron bridge over the Nashua river on Canal street, need careful painting with some good weather-proof paint, and the tension rods tightened. The timbers of the west walk on the Main street bridge over the Nashua river need extensive repairs. The bridge over the Pennichuck brook on Concord street needs to be practically rebuilt, as the main timbers are in poor condition and much heavy teaming passes over this bridge. A special appropriation should be made for this department of the work.

Catch basins, ... $1,746 35

The engineer has taken measurements to all catch basins from which location plans are to be made. There are 1258 basins, including those built this year.

The sand and other deposit have been removed from these basins in the spring and again in the fall, and those in sandy localities more often.

New basins have been built and old basins repaired as appears in Table A, the cost of labor in some cases does not appear, having been included in other work in the vicinity.

Crossings, ... $565 29

The Nashua Concrete Company has done the work on the tar concrete crossings this year as follows:

New Work, . . . 55c per sq. yd.
Top dressing, . . . 36c per sq. yd.

General repairs and Maintenance, . . . $10,383 34

Under this department is included all work necessary to keeping the streets and highways in a safe and passable condition.

Some of the larger items, as shown in Table A, are Amherst street and road, partly resurfaced with gravel; Burke street, partly resurfaced with slag and cinders from the Eastern Forge Co.; Chestnut street, partly resurfaced with gravel; Harbor avenue, partly resurfaced with gravel; Lake street, partly resurfaced with gravel; Main street, repairs to tar concrete surface, and the hill at the Public Library resurfaced with trap rock; Marshall street, partly re-

surfaced with crushed granite; Pond street, graded and surfaced with gravel; suburban roads, all kinds of repairs as done by residents of the vicinity by order of the Superintendent; Vine street, partly resurfaced with gravel; Woodlawn avenue, graded and surfaced with material taken from West Hollis street and Temple street, a new drinking fountain set up at the junction of Pearl street at a cost of $195.32 for fountain and labor of setting.

Paving gutters, ... $1,181 82

Cobble paved gutters have been built on many streets and granite block gutters on Chestnut, Central and East Hollis streets. On East Hollis street the cost of material only appears, the cost of labor having been included in other extensive work on that street.

Removing snow and sanding streets, ... $4,593 86

The winter of 1903 and 1904 was a severe one and the unusual amount of snow made it expensive and difficult to keep the streets and walks in a safe and passable condition.

Granite paving, ... $125 01

No new granite paving was laid this year and the work was that of repairs and relaying on Canal street.

Other paving, ... $5,878 47

West Hollis street was macadamized from the point where the work was left in 1903 easterly to Pine street.

A Telford base was laid and on this the second and wearing courses of crushed native granite. The cost of the work complete was $2,235.43 for about 5000 square yards, or about 45 cents per square yard.

East Hollis street from the tracks of the Acton branch of the B. & M. R. R. to the Portland tracks of the B. & M. R. R. was in a very bad condition as to the surface of the roadway and for a part of the distance on the south side the street had never been opened to its full width as called for in the layout and recorded plans.

The street was widened to its full width, fences relocated, walks rebuilt and stone retaining walls where necessary.

The surface was macadamized and a four foot block-paved gutter built on each side.

The macadam surface was built as follows: A Telford base of large field stone was laid and compacted by rolling, on this was laid a four-inch course of crushed native granite and on this the top or wearing surface three inches thick when rolled of Salem Trap rock with a binder of fine dust of the same material. The cost of this macadam was about $1.10 per square yard.

Edgestone, ... $840 07

Ordinance relating to Edgestones. Chapter XIII.

SECTION 2.

Whenever any owner or owners of land upon any street of said city shall make application to the committee on highways and bridges for edgestones, to be set in front of said land, said

committee are hereby authorized to furnish and set said edgestone, if in their opinion the public good will be promoted thereby, and if the amount appropriated for said edgestone has not been expended.

SECTION 3.

In all requests for edgestone granted by said committee said land owner or owners shall agree in writing with said committee, (representing the city), to lay, within six months from the setting of said edgestone, a sidewalk of hard burned brick, or concrete or other material satisfactory to the committee on highways and bridges, in front of said land to the satisfaction of said committee. If the sidewalk is not so built within the time specified, said land owner or owners shall pay to said city the cost of such edgestone and setting, of if said committee so elect, the said edgestone may be removed for use elsewhere, the expense of setting and removing the same to be charged to said land owner or owners and all of said expense shall be collected of such owner or owners as other bills due the city. (Board of Public Works succeeds Committee on Highways and Bridges.)

Granite edgestone is furnished by the Nashua Granite Company under contract as follows:

Straight stone, 42 cents per linear foot.

Curves of radius 16 feet or less, 84 cents per linear foot.

Curves of radius greater than 16 feet, 63 cents per linear foot.

The following petitions for edgestone have been granted and the stone set:

Applicant.	Location.	No. of feet applied for.	No. of feet set.	Cost of stone and labor.
Edward P. Huntington,	1 & 3 Shattuck,	90	98.50	$ 53.87
Mrs. Mary Cross,	10 Arlington,	50	67.07	38.67
J. Frank Brown.	11 Gray,	50

L. E. LaRose,	60 Kinsley,	100	90.20	48.38
Timothy Rock,	58 Marshall,	108	107.80	55.28
F. E. Nelson,	100 Main,	50	59.30	34.54
Mrs. Henry Stearns,	Denton & Hollis			
(Old stone from Main street reset.)				5.25
Viola A. Godfrey,	26-28 Spalding	50	50.20	26.33
				$546.44

Edgestone in other localities has been reset and such new stone set as the work required at a cost of $293.63, of which $120.72 was on East Hollis street on account of the relocation of lines and new macadam.

City waste, ... $3,889 08

Rules for the Removal of Waste Material as Adopted by the Board of Public Works, February 16, 1903.

Rule 1. Ashes and waste material when placed in barrels or other suitable receptacles

that can be conveniently handled by two men will be removed on certain days by the Public Works Department.

Rule 2. No barrels or other receptacles containing garbage or other perishable and objectionable material will be taken and no material of any kind will be taken that is not in such receptacles as above described or tied in bundles or packed in such a manner that it can be handled by two men. All paper and pasteboard shall be tied in bundles or placed in receptacles separate from other waste material.

Rule 3. Any person placing in the highway, on the sidewalks or on the travelled way any waste material not contained or held in the above described receptacles or containing garbage or other objectionable material, will be notified by the Superintendent of Streets to remove the same, and if said material is not removed by the person so placing it, it shall be removed by the Public Works Department and expense thereof shall be collected from the person so placing it, in accordance with the laws of the State and the ordinances of the City.

Careless or willful inattention to Rule 2 has caused the Board much additional work and expense.

The problem of removing the waste material becomes each year more difficult of solution. The ordinances of the city are not clear in the definition of just what waste material shall be removed at the city's expense and each year the Board of Public Works is called upon to remove large quantities of manufacturing, household, store and garden waste which in other

cities is removed at private expense. The places where such waste may be dumped are becoming fewer and at greater distances from the centre of the city.

Trimming and care of trees, ... $62 75

The work on trees, as in the past has been confined to such trimming as is necessary to make passage beneath them safe.

In July a swarm of the dreaded Brown Tail moth visited a section of the city and laid their eggs. A brood of caterpillars has already been hatched which will, before this report is printed, produce other swarms of the moth. Details of the ravages and physical discomforts of this pest will not be given here, but only the united and active co-operation of state, city and private individual can save to the city its beautiful shade trees.

Street cleaning, ... $5,719 50

The following streets have been cleaned each day by men provided with two-wheeled barrow, shovel and broom, and at a cost of $1,621 50:

Main street from Hollis street to Abbott square, Railroad square, West Pearl street from Main to Palm street, East Pearl street from Main to Temple street and Temple street from Pearl to Amory.

The work on other streets has been that of scraping the surface and removing weeds and other accumulations from the gutters.

Repair of tools, ... $757 31

The steam road roller was repaired extensively this year at a cost of $389 16. With the ex-

ception of repairs to the boiler last year no repairs have been made to this machine since its purchase some ten years ago.

Tools and supplies, ... $425 67

Below is an inventory of tools and supplies on hand Dec. 15, 1904:

1 tool house on Cushing avenue.
1 sand house on South Common.
1 steam roller.
1 iron roller.
2 road machines.
1 sweeper.
13 snow plows.
5 horses.
3 two-horse carts.
2 two-horse sleds.
1 one-horse sled.
1 one-horse cart.
4 pairs double harness with collars.
1 single harness with collar.
5 storm blankets.
5 street blankets.
5 stable blankets.
5 halters.
1 leather fly net.
6 whiffletrees.
2 neck yokes.
2 spreaders.
1 rooter plow.
3 common plows.
1 plow point.
2 harrows.
60 bushels oats.
2 desks.
13 chairs.

1 table.
25 lanterns.
12 hooks.
18 forks.
22 wooden shovels.
22 long handled shovels, iron sq. pt.
2 long handled shovels, iron rd. pt.
43 short handled shovels, iron rd. pt.
75 short handled shovels, iron sq. pt.
400 feet sewer cleaning rods.
44 picks.
18 mattox.
7 grub hoes.
8 large stone forks.
3 pairs rubber boots.
5 dippers.
3 hydrant wrenches.
2 square spades.
28 large stone drills.
50 small stone drills.
5 tamping bars.
3 levels.
2 squares.
15 iron bars.
5 trowels.
3 paving hammers.
14 small hammers.
9 large hammers.
1 bit stock.
4 axe handles.
8 brooms.
2 screens.
1 small seive.
2 tripods.
6 baskets.
6 wooden rakes

1 chain pulley.
6 paving rammers.
8 dirt rammers
4 chains.
Quantity of rope.
2 shut-off wrenches.
6 extra grates.
10 traps.
9 old style grates.
8 covers.
19 sewer braces.
2 grindstones.
11 small bars.
1 bush scythe.
3 scythes and snaths.
10 mauls.
2 ice chisels.
4 rattan brooms.
2 cross cut saws.
3 hand saws.
3 wooden scrapers.
14 iron rakes.
12 wheelbarrows.
4 small ladders.
8 pails.
5 hand carts.
2 extension ladders.
3 sets pulleys.
4 sign posts.
2 plank pullers.
4 axes.
1 large oil can.
4 small oil cans.
Quantity weights.
2 hatchets.
14 hoes.
1 vise.
3 castings for plank puller.

2 Stilson wrenches.
2 stamps.
4 tool chests.
Quantity sewer plank.
10 feet 10 inch Akron pipe.
60 feet 24 inch Akron pipe.
18 feet 20 inch Akron pipe.
26 feet 18 inch Akron pipe.
4 feet 15 inch Akron pipe.
7 18 inch ys.
6 y covers.
8 feet 8 inch Akron pipe.
9 10 inch ys.
Quantity of sand.

Sundries, ...		$1,018 48

The items of this account are as follows:

Telephone and tolls for Supt. and Asst. Supt., . .	$56 20
Screening supply of sand for winter use, . . .	219 63
Labor and material for sand house situated on South Common for storage of same, .	134 84
Board of horses, one each for Supt. and Asst. Supt., . .	367 86
Sundry labor, being largely that of one-horse team and driver,	239 93
	$1,018 48

SEWER DEPARTMENT.

Construction, ...	$6,088 19

Amherst Street. The sewer in Amherst street was extended from the end of construction in 1902 to a point opposite the artificial pond

in Edgewood cemetery. 2097.79 feet of 24-inch vitrified pipe, grade 1:500, average depth about 12 feet, costing $6,010.49. This sewer will give surface drainage to the low places in Amherst street and prevent the flooding of portions of Amherst and Broad streets during heavy rains and thaws, and prevent the damage previously done in Edgewood cemetery by flooding. This sewer is also a part of system designed to give house drainage for the section around Broad street and Pine Hill avenue.

Beacon Street. On petition of James H. Tolles and others a sewer was built in Beacon street to connect with a private sewer already constructed. 87.5 feet of 6-inch vitrified pipe, grade 1:100, average depth 5 feet, costing $77.70.

Maintenance, ... $300 31

The sewer in Belmont street has often given trouble and upon uncovering it it was found to have been carelessly laid in 1893. The grade at a point about fifty feet from the outlet was found to be one foot below the outlet and the pipe had been built around an old water pipe, partially filling the sewer. The old cement pipe was replaced by vitrified pipe laid to a proper grade at a cost of $109.72.

Other work was for cleaning and flushing.

PUBLIC WORKS OFFICE.

Clerical, ... $11 75

The clerk of the Board receives no remuneration for his services and this item was for clerical assistance the first of the year.

Supplies, ...		$12 15
Includes blank reports, payrolls, time sheets, and books.		
Salaries, ...		$2,450 00
Salaries of appointed members from Jan. 1st to Oct. 1st.		
A. W. Shea, ...	$150 00	
H. T. Ledoux, ...	150 00	
A. W. Dean, ...	150 00	
A. C. Blain, Supt. of Streets, from Dec. 15, 1903, to Dec. 15, 1904,	1,200 00	
O. F. Winslow, Asst. Supt., do.,	800 00	
	$2,450 00	

CITY TEAMS.

Repairs, ...	$192 66	
Supplies, ...	467 74	
Expenses, ...	21 50	
Total expenditures for the year 1904, ...	$47,099 97	

The original appropriation by the City Councils was $45,600.00 to which was added $1,500 00 for work on Pond street and vicinity making a total of $47,100.00 and of this total 3 cents remained to the credit of the Board Dec. 15, 1904.

Following is a condensed statement of the expenditures of the Board of Public Works for the year 1904 and for comparison the figures for the same expenditures in 1903.

REPORT

OF THE

POLICE COMMISSIONERS

OF THE

CITY OF NASHUA.

1904.

To His Honor, the Mayor, and Board of Aldermen:

The Board of Police Commissioners for the City of Nashua respectfully submit their thirteenth annual report for the year ending December 31, 1904.

At a special meeting held on January 1, 1904, the Board organized with Andros B. Jones, Chairman, and James B. Crowley, Clerk. Frederic D. Runnells qualified as the new member of the Board on this date. During the year twelve regular and ten special meetings were held. City Marshal Alvin S. Eaton resigned on the fifteenth day of September, the same to take effect on Jan. 1, 1905, and the resignation was accepted by the Board. Andros B. Jones tendered his resignation to the Governor in December and the same was accepted to take effect Jan. 1, 1905.

The following is a statement of the different offenses for which arrests were made and the number of the same, showing how disposed of, including the amount of fines, costs and fees received and paid over to the city treasurer.

GILMAN C. SHATTUCK, Treasurer.

Auditor's Certificate.

I have this day examined the foregoing itemized accounts of G. C. Shattuck, Treasurer, for the year nineteen hundred four and find them correct, the payments properly vouched and the accounts overdrawn $3.78.

WARREN H. PRICHARD, Auditor.

Nashua, N. H., Jan. 20, 1905.

Librarian's Report.

To the Trustees of the Nashua Public Library:—

Gentlemen:—The Librarian presents the report of the Nashua Public Library for the year 1904.

The last report showed the library had 23,100 volumes and pamphlets. The additions during the year, not including some of the unbound public documents, number 781: of these 552 were added by purchase, 177 by gift, and 52 by binding periodicals, making the present number 23,881.

The larger part of our fiction has been obtained, for the last nine months, from the Bodley Club Library. Thus the difficulty has been avoided of purchasing the novels that seem from the advertisements so very desirable but have no permanent value, and the patrons have been in a great measure satisfied.

For as one librarian says "if we refuse to buy any thing new and adopt Emerson's advice 'never to buy a book until it is a year old,' when no new novels are found in the library, many would cease to come at all," and I would add that many who at first only come for novels finding they have the privilege of taking two books, if only one is fiction, avail themselves of it, and discover that there are other works of interest beside novels.

The books given out for home use numbered 62,503. These figures vary but little from those of previous years. That the circulation has not increased more does not indicate that the library has not grown in usefulness, as non-fiction has made a gain, and the Reference Library room is more used. Many readers, who are not using reference books, passing hours in this attractive room, reading there rather than taking books to their homes. It is to be regretted that there are persons so unappreciative of the many privileges the library gives, that they can steal and mutilate books and magazines. From the Reference Room there have been three books taken, several magazines from the case, and pictures cut from art magazines.

There have been added to books in the Children's Room 139 volumes, making the number in this room 1404. The circulation was 13,735. The total number of registrations for the year was 225. When it is remembered that this room was opened September 28, 1903, and that the age limit was removed at that time, and before the close of the year there were 233 new borrowers, 131 in one month, it is evident that this room loses none of its attractiveness. Often times the tables are surrounded with readers so absorbed as to be entirely oblivious of the coming and going of those who are exchanging books. The bulletin boards are made attractive by photographs and pictures, which are frequently changed.

The Newspaper Room has eleven newspapers and periodicals, beside others which are sent without charge, and some which are irregular.

The publishers of the local papers continue to give the daily issues for binding, and kindly print each month our list of new

books, also giving place in their columns to items of interest regarding the library.

Judge Clough generously has given a file of the New Hampshire Republican published in Nashua in 1892-1893. Our file of the Nashua Telegraph is still incomplete, it ought to be filled. Did people realize how often papers are used for reference, and how valuable anything having local interest is, the plea for this department of the library would not have been made so many years without a response.

The rebinding account shows 788 volumes rebound. Were books well bound when purchased our number would be much less.

The number of borrowers registered January 1, 1903, was 3295, in 1904 there were added 650 new patrons, making a total registration of 3945.

Respectfully submitted.

HARRIET CROMBIE, Librarian.

CITY SOLICITOR'S REPORT.

To His Honor, the Mayor, and City Councils of the City of Nashua:—

Gentlemen:—I submit the following cases in which the City of Nashua is interested:

Parker vs. Nashua. Petition for an abatement of taxes on real estate situate on the corner of Temple and Court streets. Referred to a commissioner. Petition filed Dec. 21st, 1896.

Greeley vs. Nashua. An appeal from an assessment of damages for land taken in widening Buck street. Referred to a commissioner. Entered March term, 1887.

C. R. Pease House Furnishing Company vs. Nashua. Four petitions for abatement of taxes on stock in trade and real estate situate on Pearl street. One petition referred to a commissioner.

Spence & Rideout. Petition for abatement of taxes on their plant situate on Denton street.

Edward H. Wason vs. Nashua. Action for debt for services as city solicitor.

City of Nashua vs. Railroad. Petition to compel railroad to secure the crossing at Eaton street with a bridge.

Petition to close the old bridge on Allds street. Referred to County Commissioners.

Petition in Probate Court to obtain the money willed the City of Nashua by Daniel Hussey.

Respectfully yours,

IVORY C. EATON, City Solicitor.

REPORT OF THE COMMITTEE

OF THE

CITY FARM AND HOUSE OF CORRECTION

OF THE

CITY OF NASHUA.

NASHUA, N. H., DEC. 29, 1904.

To the Honorable Mayor and City Councils:

The committee on City Farm and House of Correection hereby submit their annual report for 1904.

Inventory taken December, 1904, .	$10,144 57	
Inventory taken December, 1903, .	9,459 49	
Gain in Inventory, . .		$685 08
Received from labor on streets, .	$1,202 64	
Received from garbage team, .	1,180 00	
Received from product, labor, etc.,	2,057 80	
		$4,440 44
Appropriation for 1904, . .	$4,000 00	
Used from receipts of farm, .	3,517 95	
		$7,517 95
Paid city treasurer, ...	$4,440 44	
Gain in inventory, ...	685 08	5,125 52
Net cost of running farm, .		$2,392 43

The committee have found the work of Superintendent Wheeler and Mrs. Wheeler to have been faithfully performed and that the farm has produced larger crops this year than ever before, and the stock is in first class condition. The records show that it has cost for the maintenance of the prisoners, paupers and all the people employed $1.61 each per week as an average.

H. W. GIBSON, Clerk of Committee.

ANNUAL REPORT

OF THE

Trustees of Woodlawn Cemetery.

To His Honor, the Mayor, and City Councils of the City of Nashua, N. H.:—

Gentlemen:—The Trustees of Woodlawn cemetery respectfully submit the following as their annual report:

The general care of the grounds has received more attention during the year 1904, than extensive improvements; for the reason that the funds at our disposal would not allow any considerable expenditure beyond the keeping of the 10 miles or more of avenues and paths in fairly good condition.

We trust, however, that this year our appropriation will be restored to the amount of two years ago, if not for a larger amount.

The experience of the past two years has demonstrated that the capacity of our greenhouse is not sufficient to meet the demands of the lot owners, who have begun to depend on it for flowers with which to adorn their lots, and as it has been nearly self-sustaining, it is proposed to make an addition which will double its capacity; and we hope to have it completed and occupied in the early spring.

Eleven new lots have been graded, and twenty-seven other lots re-graded and improved.

Many lots are neglected, by reason of the friends of those buried therein having removed from our city, and the Superintendent being unable to find any one to assume the care of them.

Twelve graves in such lots have been re-filled, and fifty-five headstones re-set.

Eighteen funerals have been held in the Chapel during the year.

The number of interments for the year have been as follows:

Resident adults, 73; resident children, 8; adults from out-of-town, 53; children from out-of-town, 4; premature births, 12; and removals, 3; making a total of 153.

Nine soldiers have been buried during the past year, making the present total of soldiers' graves, 282.

Twelve lots have been sold, and deeds given for the gross amount of $586.00. Eighteen bonds for perpetual care have been issued for funds deposited, to the amount of $2,000.00.

A record has been made of each meeting of the Board.

Following is the financial statement:

Perpetual Care Fund.

FUNDS RECEIVED.

Total fund, January 1, 1904, . .	$20,389 21	
Funds received during year of 1904, (18 bonds), ...	2,000 00

For the Trustees,

Respectfully submitted,

R. A. ARNOLD, Secretary.

Nashua, N. H., January, 1905.

ANNUAL REPORT

OF THE

Trustees of Edgewood Cemetery.

To the Honorable Mayor and City Councils:—

The Trustees submit the twelfth annual report of Edgewood Cemetery, for the calendar year 1904, as follows:

The cemetery grounds have had proper care during the past year, the lots having been suitably mowed and watered, and reseeded where necessary; and walks and drives have been kept in good condition. On some of the drives, where heavy rains have caused damage by washing, we have had cobble gutters laid, improving appearance and saving further expense from rain damage. The sprout land in the north section of the grounds has been cleared of underbrush, and put in shape for further development as required, and can now be kept in presentable condition at small expense until required for burial purposes. This work is in line with the policy of progressive cemeteries,—to make the grounds attractive as a whole.

Lots under perpetual care have received the attention required by the various bonds given.

Interments for the year have been: Adults, 35; children, 7; removals from other cemeteries, 1; total, 43. Included in this number were four veterans of the Civil War. The remains of one

soldier of the Revolutionary War, 5 of the War of 1812, 2 of the Mexican War, and 83 of the Civil War now rest in this cemetery. All soldiers' graves are properly marked.

During the year we have received payment for and issued six deeds, covering nine lots, one of these deeds having been issued for a lot exchanged for a lot previously sold and now surrendered to the Trustees. One large lot has been placed under perpetual care, and bond issued therefor.

The financial condition of this Board on Dec. 31, 1904, is as follows:

Trust Fund for Perpetual Care of Lots.

At last annual report, ...	$9,466 33	
Amount received during year, .	720 00	
Total, ...		$10,186 33
Which is invested as follows:—		
City of Nashua notes, ...	$1,433 33	
City of Nashua bonds of 1901, .	4,000 00	
City of Nashua bonds of 1903, .	3,000 00	
Three shares Pennichuck Water Works stock, ...	498 00	
New Hampshire Banking Company, balance unpaid, ...	75 00	
Nashua Savings bank, balance unpaid,	60 00	
City Guaranty Savings bank, account,	400 00	
In hands of treasurer, to be deposited in City Guaranty Savings bank, .	720 00	
Total, ...		$10,186 33

Permanent Fund For Care of Walks and Drives.

At last annual report, . . .	$290 50	
25 per cent. of lot sales during year,	118 75	
Total on deposit in Citizens' Institution for Savings, . . .		$409 25

Receipts and Expenditures.

RECEIVED.

Balance on hand Jan. 1, 1904, .	$223 39	
City appropriation for 1904, . .	1,000 00	
Income from Perpetual Care funds	466 21	
Burial fees, annual care, repairs to lots, flowers and incidentals, .	725 10	
Bonds, (1), ...	720 00	
Deeds, (6), ...	475 00	
		$3,609 70

PAID.

Pay roll, labor and teams, . .	$1,753 78
Repairs to tools, water pipes, buildings, fences, etc., . . .	107 66

Deposit, City Guaranty Savings bank,	720 00	
Deposit, Citizens' Institution for Savings, ...	118 75	
		$3,269 38
Balance on hand Dec. 31, 1904, .		340 32
		$3,609 70

For the Trustees, respectfully submitted,

HENRY H. DAVIS, President.
JOSEPH L. CLOUGH, Secretary.

Nashua, N. H., January, 1905.

ANNUAL REPORT

OF THE

Trustees of Suburban Cemeteries.

To His Honor, the Mayor, and the Honorable City Councils:—

Gentlemen:—The secretary of the Board of Trustees of Suburban Cemeteries hereby submits his seventh annual report.

Condition of Cemeteries.

The Gilson and the Hillside cemeteries have received the usual attention and the necessary care and both are in a fair condition.

At the Evergreen cemetery, the contemplated improvements have been carried forward as far as the finances would allow. A large portion of the old grounds have been graded and grassed and a number of most desirable lots are now ready for burial purposes.

At the Old South cemetery nothing has been attempted except to keep the grounds neat and tidy. The Trustees hope that the coming season may see something accomplished in the line of permanent improvements. These historic grounds are certainly entitled to all the embellishments that can reasonably be added to them.

Interments.

During the year, the interments have been as follows: Two in the Gilson cemetery and seven in the Evergreen cemetery, making a total of nine interments in the Suburban cemeteries.

Finances.

Dr.

Cash in the hands of treasurer, .	$59 99	
Cash in hands of secretary, . .	2 90

REPORT

OF

Trustees of Hunt Legacy Fund.

To His Honor, the Mayor, and the Honorable City Councils of the City of Nashua:—

The Trustees of the Hunt Lecture Fund beg to submit the following report:

The general fund, from which the lectures are provided, is maintained by 90 per cent. of the receipts from the sale of tickets to the lectures and 90 per cent. of the interest on the Lecture or Permanent Fund investments. Owing to a great shrinkage in the funds, due to poor investments, only a small sum has been available for several years with which to provide annual courses of lectures.

During the season of 1903-1904 a course of six lectures was held at a cost of $233.15. The lectures were as follows:

Dec. 11, 1903, "The United States Navy, Old and New," by Chaplain David Howard Tribou, U. S. Navy.

Dec. 17, 1903, "The Health of the Nation," by George Willis Crooke.

Jan. 7, 1904, "Duty and Heroism," by Mrs. Charlotte Adams Dunne.

Jan. 14, 1904, "The Ministry of Birds," by William Rogers Lord.

Jan. 22, 1904, "The American Isthmian Canal," by Francis Haseltine.

Jan. 28, 1904, "Way Down South in Dixie," by William Jessup Sholar.

The condition of the Permanent or Lecture Fund, is as follows: The original fund of $15,000.00 was invested in:—

Bonds of New Hampshire Trust Co.,	$4,900 00	
Bonds of Davidson Investment Co.,		
Series B, ...	5,000 00	
Series C.	2,500 00	
Loan, Hannah Jex, Suffolk Trust Co.,	1,700 00	
Loan, C. L. Beardsley, Suffolk Trust Co., ...	900 00	
		$15,000 00

From these investments the trustees have realized the following amounts:—

New Hampshire Trust Co., . .	$3,185 00	
Series B, Davidson Investment Co.,	700 00	
Series C, Davidson Investment Co.,	385 12	
C. L. Beardsley loan, . . .	210 00	
		$4,480 12

To which should be added:—

10 per cent of the gross income from sale of tickets, interest, etc., ...	753 55
Total, ...	$5,233 67
Less expenses in connection with Davidson bonds,	63 00
Net amount of fund, ...	$5,170 67

Invested as follows:—		
Notes of the City of Nashua, . .	$3,263 50	
Due from the general fund, . .	201 46	
Cash, ...	1,705 71	
		$5,170 67

It is expected that further dividends will be received from the bonds of the New Hampshire Trust Co., and another small dividend from bonds of Series C of the Davidson Investment Co. Final settlement has been made on Series B, of the bonds of the Davidson Investment Co., with the result as above. The Beardsley loan was sold for $210, but nothing was realized from the Jex loan.

For the Trustees,

F. W. MAYNARD, Treasurer.

ANNUAL REPORT

OF THE

Nashua Hospital Association

FOR THE YEAR 1904.

The year 1904 was an eventful one at the Nashua Emergency hospital. It was in every way a year of expansion. The building of our long needed annex took place last summer. It has been filled from the moment of its completion to the present. It added four beds to the hospital accommodation, besides furnishing suitable and sanitary quarters for our student nurses; even with our new annex full, with cots in the corridor, and at times patients in the operating room, the accommodations of the hospital have been taxed to the limit most of the time for the past year. A waiting list of patients is now not an anusual feature, and one which at times causes trouble and anxiety to the hospital management and waiting patients alike, as urgency of symptoms is of more weight than order of application.

That the Nashua Emergency hospital is being more patronized as it becomes better known, is I think apparent. To only go back five years, an interesting commentary upon its growth may be gained.

During the year 1899 there were treated at the hospital 200 patients.

During the year 1900 there were treated at the hospital 208, net gain 8.

During the year 1901 there were treated at the hospital 267, net gain 59.

During the year 1902 there were treated at the hospital 343, net gain 76.

During the year 1903 there were treated at the hospital 357, net gain 14.

During the year 1904 there were treated at the hospital 401, net gain 44.

In other words, in five years we have doubled the work, moreover this increase has been steady. There has been no retrogression at any time. Neither is this growth in any one direction or amongst any one class or nationality or religion.

According to nativity 114 were foreign born and 287 were American born. But with this increase in space and number of patients has come increase in work and expenses. Our corps of nurses in the training school has had to be increased to nine. Twice the number of night nurses are now needed to have oversight over our increased number of patients. The heating of our plant has cost more the past winter, a special furnace being required to heat the annex.

Our water bill and our light bill are each growing larger year by year. Our laundry has become one of the largest disbursements of the institution.

The cost of maintaining a patient per day has decreased from $2.43 to $1.63.

During the year, of the 401 patients treated, 378 were discharged relieved or cured; 23 died; of these 23, eight were brought to the hospital in a dying condition.

Our annual income is from the patients themselves, from the city, from our field day and charity ball, from the Nashua Manufacturing Co., from the Boston & Maine railroad, and from the Jackson Manufacturing Co., and a few private donations. We have absolutely no endowment such as hospitals in neighboring cities, as far as my knowledge goes, without exception possess.

The crying needs of our hospital today, notwithstanding our new annex, are more room and more money.

Contagious diseases are now, as they ever have been in Nashua, without a hospital of any kind.

I wish to express our appreciation of the gifts of our few generous donors, which during the past year have exceeded those of any previous year, and to remind them of the aid and comfort they have afforded many a poor sufferer.

In concluding the executive committee wishes to express its appreciation of the work done by the hospital staff who give each, two months of their time and service gratuitously, of the efficient and satisfactory work of the matron, assistant matron, student nurses and of the employees generally, and also of those physicians who have given of their time and labor to instruct the nurses in the training school.

JAMES T. GREELEY,
Clerk of Executive Committee.

REPORT OF CITY PHYSICIAN.

To His Honor, the Mayor, and the Honorable City Councils:—

Gentlemen:—Of the city poor who came under the care of the city physician during 1904, five died, four of whom were men.

The name, age and cause of death of each follow:

Charles Rousselle, 69 years, died of perforation of bowels, following an accident.

W. S. Jellison, 45 years, had consumption.

William H. Colburn, 76 years, double pneumonia.

Amanda Lefebvre, 29 years, tuberculosis of bowels.

Etienne St. Pierre, 63 years, valvular heart disease.

There was one birth during the year.

Respectfully,

ARTHUR L. WALLACE, City Physician.

REPORT OF THE BOARD OF HEALTH.

NASHUA, N. H., April 23rd, 1905.

To His Honor the Mayor and the City Councils of the City of Nashua:—

Gentlemen: — In compliance with the city ordinance the Board of Health herewith submits its annual report for the year ending December 31st, 1904.

The Board, consisting of Mr. W. B. Chase, Mr. E. J. Johnson and Dr. D. M. Shea, organized on January 4th, with the choice of Mr. Johnson, clerk. Later Mr. Johnson resigned his position on the Board, and the City Councils elected Mr. Clovis Gamache to fill his place.

The regular meetings of the Board were held every second and last Thursday afternoons of the month, at four o'clock, at Dr. D. M. Shea's office.

During the past year several complaints were made to the members about certain nuisances existing in various parts of the city.

These were properly attended to, and considering several of these were spite complaints, the members of the Board used the best judgment possible and most of the nuisances were abated.

The number of contagious diseases reported were 315. Among this number were 4 cases of Small Pox, 25 Diphtheria, 15 Scarlet Fever, 12 Typhoid Fever, 1 Membraneous Croup, and 258 cases of Measles. The several houses where these diseases existed were thoroughly fumigated at the proper time.

In conclusion, I wish to thank the Mayor and the City Council for their uniform courtesy during the past year, and also, I wish to thank Mr. Blain, and Mr. Winslow, Supt. of Streets, who have ever been so kind and willing to help the members of the Board in the performance of their duty.

Respectfully submitted,

DR. D. M. SHEA,
Chairman Board of Health.

ANNUAL REPORT

OF THE

INSPECTOR OF MILK.

To the Board of Health, Nashua:—

The number of licenses issued to milk dealers for the year beginning May 1, 1904, has been one hundred and four, six more than for the year just preceding. Sixty-six have sold milk from stores and thirty-eight from carts. Five dealers of the latter class have discontinued the business.

The income to the city from licenses has been $208. The cost of milk inspection for salary and supplies has been $216.62. Within somewhat less than a year I have examined ninety-seven samples of milk. In nearly every case I have determined the percentage of butter fat by means of the Babcock centrifugal machine, the percentage of water by evaporation for at least one hour, and the percentage of solids which are not fat by means of difference. You will see from the accompanying tabulation of analysis that very few of the samples were much below the standard. It is my custom to report the results of analysis to the one from whom the sample is obtained.

The milk analyzed this year has been taken from forty-three different persons. With the exception of the milk which contained fine dirt, very little has been found that was unwholesome. The ninety-seven samples referred to above have been tested for preservative and coloring matter but scarcely any adulteration has been detected and none from dealers who are now selling milk in this city. Table follows.

Respectfully submitted,

C. H. NOYES, Milk Inspector.

ANALYSIS OF MILK.

The ninety-seven samples of milk described above I have examined during the eleven months ending Feb. 28, 1905.

Respectfully submitted,

C. H. NOYES, *Milk Inspector.*

To the Board of Health, Nashua, N. H.

REPORT OF THE PARK COMMISSION.

To the City Councils of the City of Nashua:

The Park Commissioners of said city submit the following as their annual report:

The small appropriation annually granted to this Board has not permitted us to make any extended repairs or improvements in our new work toward the development and planting of trees, shrubs or plants on any of the commons or parks.

During the past year, such money as was necessary to keep the grass properly mowed and parks reasonably free from rubbish has been expended. The South Common fence has been painted and put in fairly respectable condition, and rubbish and bushes in the Greeley Farm removed.

Mr. J. F. Watson has continued tenant of the Greeley Farm buildings, with a portion of the land on the west side of Concord Street, and Mr. Alfred Chase has cultivated the land east of Concord Street, with the exception of a small corner reserved for a grove and nursery.

The City Councils appropriated the usual amount, $650.00, for our use, but the same was never paid over to the Park Commission, and we have not had the benefit of the same. Why this action of the City Councils was ignored, the Commission is not in a position to answer.

The Highway Department of the City of Nashua have continued the excavation at the South Common, taking out the good gravel for the highways, under an agreement to pay ten cents per load; but no settlement therefor has ever been made, and your Commissioners' efforts in this direction have been fruitless. The Commission's requests of the Board of Public Works for 1904 for a report of the amount of gravel taken and carried away

have been ignored, and the Board of Public Works have profited by such supply and use, and have credited themselves to such amounts.

We have no recommendations to make at this time other than indorsement of former recommendations promulgated by the Commissioners, and at such time as sufficient funds are in our treasury to warrant the completion of the plans already made, they will be carried out.

During the year, Mr. George W. Parsons resigned, after being elected to the Board of Aldermen, and late in December, Joseph A. Noble was appointed in his place.

Respectfully submitted,

C. W. HOITT,
GEO. W. PARSONS,
E. H. WASON,
Park Commissioners.

RESOLUTIONS

AND

ORDINANCES

Passed During the Year

1904.

Resolutions and Ordinances.

RESOLUTION.

ADOPTING JOINT RULES AND FIXING THE TIME FOR HOLDING REGULAR MEETINGS.

That the joint rules of the City Councils for 1903 be and the same are adopted for 1904 until otherwise ordered. And the time for holding the regular meetings shall be on the second and fourth Tuesdays of each month at seven o'clock and thirty minutes in the afternoon.

Passed January 1, 1904.

RESOLUTION.

AUTHORIZING THE MAYOR AND CITY TREASURER TO HIRE MONEY.

That the Mayor and City Treasurer for the time being are hereby authorized to hire money to pay the current expenses of the several departments, or any outstanding notes, city scrip, certificates of stock, bonds and other evidences of debt of the city becoming due, and to give promissory notes of the city therefor.

Passed January 1, 1904.

ORDINANCE.

RELATING TO THE LICENSE OF LUNCH CARTS.

That, Section 1. The Mayor and Aldermen may license such persons as they deem suitable to be keepers of lunch-wagons for the sale of food within the city, provided, nevertheless, that all licenses thus granted shall contain a clause, that the person thus licensed agrees to abide by and subject to all the provisions of this ordinance or any ordinance which may be adopted by the city council relating to lunch-wagons licensed for the above purpose, and the Board of Public Works to have the authority to say where said business shall be conducted.

Section 2. The Mayor and Aldermen shall have the power at all times to revoke any license granted under this ordinance.

Section 3. The license fee shall be five dollars ($5.00).

Section 4. Any person selling food from a lunch-wagon without a license as provided above, shall be subject to a fine of ten dollars ($10.00), or imprisonment not exceeding thirty days, or both.

Passed January 26, 1904.

RESOLUTION.

REIMBURSING WARD OFFICERS OF WARD THREE.

That the sum of five dollars each be paid to the Moderator, Ward Clerk, Selectmen and Ballot Inspectors of Ward Three as compensation for extra time and labor at the special election held in the said ward November 17th, 1903.

Passed January 26, 1904.

RESOLUTION.

APPROPRIATING MONEY TO TAKE UP EXISTING INDEBTEDNESS.

That the sum of twenty thousand, ($20,000) dollars, be and the same is hereby appropriated for the purpose of taking up existing indebtedness pursuant to the provisions of an act passed by the legislature of the State of New Hampshire entitled, "Municipal Bond Act of 1895."

The Mayor and City Treasurer are hereby authorized to issue and the City Treasurer to sell gold bonds of the City of Nashua in the aggregate principal sum of twenty thousand, ($20,000) dollars, which gold bonds shall be of the date of January 1st, 1904, and shall be payable at the office of the City Treasurer in Nashua or at the National Shawmut bank at Boston, in the Commonwealth of Massachusetts.

The said bonds shall be payable to bearer and shall mature twenty years from the date thereof.

The said bonds shall bear interest, payable in gold, at four (4) per cent., payable semi-annually on the first day of January and the first day of July of each year upon the presentation and surrender of the proper interest coupons to the Treasurer of the City of Nashua at his office, or to the said National Shawmut bank.

The said bonds shall be signed by the Mayor and shall be countersigned by the City Treasurer under the city seal and the interest coupons shall be signed by the city treasurer.

The proceeds of the sale of said bonds shall be used for the purpose of taking up outstanding notes of the City of Nashua for a like amount.

The City of Nashua shall create a sinking fund sufficient to meet this issue of bonds.

Passed January 26th, 1904.

RESOLUTION.

AUTHORIZING THE COMMITTEE ON LANDS AND BUILDINGS TO MAKE A CONTRACT TO REPAIR AND ALTER THE CITY HALL BUILDING.

That the Committee on Lands and Buildings be and hereby is authorized to make such repairs and alterations in and to the City Hall Building, so-called, as have been considered by it and accepted, pursuant to plans and specifications submitted to it by the D. F. Holt Co. of Nashua, N. H., and for the purpose of carrying out the intent of this resolution, to contract with the said D. F. Holt Co. in such manner as may be necessary.

Passed February 2, 1904.

RESOLUTION.

AUTHORIZING A PETITION TO THE RAILROAD COMMISSIONERS AS TO STREET RAILWAY TRANSFERS.

That the following petition be presented to the Railroad Commissioners of the State of New Hampshire.

PETITION.

To the Honorable Railroad Commissioners:—

Whereas, Sec. 13, Chapter 155, of the Public Statutes of New Hampshire gives the Railroad Commissioners authority to fix the charges to be made by the proprietors of railroads within this state for the transportation of persons and freight and shall change the same from time to time as the public good shall require.

Whereas, The public good requires the issuance and acceptance of transfers to and from all connecting lines of street railways in the city of Nashua.

Whereas, The Boston & Northern Street Railway as leasee of the Nashua Street Railway, now refuse to accept the transfers of the Hudson, Pelham & Salem Street Railway in the City of Nashua.

We therefore, your petitioners, pray that we may be granted a hearing in order that we may be given relief from the existing conditions; and that notice of such hearing be given to the Boston & Northern Street Railway as leasee of the Nashua Street Railway Company and notice also to the Hudson, Pelham & Salem Railway Company.

MAYOR AND ALDERMEN,
COMMON COUNCIL,

Of the City of Nashua.

And it is further resolved, that the present Joint Transfer Committee of the Nashua City Councils are hereby authorized to represent the Mayor and Aldermen and Common Council as petitioners, before any and all hearings on the foregoing petition.

Passed Feb. 9, 1904.

RESOLUTION.

AUTHORIZING THE MAYOR TO SIGN THE CONTRACT FOR PRINTING THE ANNUAL CITY REPORT FOR 1903.

That the Mayor be and hereby is authorized to sign a contract with the Telegraph Publishing Company to print the annual City Report for 1903.

Passed February 9, 1904.

RESOLUTION.

EXEMPTING THE INTERNATIONAL PAPER BOX MACHINE COMPANY, MANUFACTURERS OF MACHINERY, FROM TAXATION FOR A PERIOD OF TEN YEARS.

That, for a period of ten years, commencing the first day of April, 1904, the buildings, engines, boilers, water-wheel, machinery, stock in process of manufacture and manufactured goods belonging to the International Paper Box Machine Company be exempt from taxation.

This exemption shall include any enlargement or addition to the said plant of the International Paper Box Machine Company, made during the said period of ten years.

Passed Feb. 9, 1904.

RESOLUTION.

RELATING TO THE REWARD OFFERED FOR THE ARREST OF ALFRED A. HALL.

That the Mayor is hereby authorized to pay the fifty dollars reward offered for the arrest of Alfred A. Hall to the person or persons entitled to the same.

Passed March 8, 1904.

RESOLUTION.

EXEMPTING GARDNER, BEARDSELL & CO., A CORPORATION PROPOSING TO DO BUSINESS IN NASHUA.

That all buildings, machinery, tools and stock of Gardner, Beardsell & Co., and any manufacturing establishment it pro-

poses to erect or may erect and put in operation in said Nashua, and the capital to be used in operating the same shall be and is exempt from taxation for the term of ten years from April 1, 1904, including any additions it may make during said period.

Passed March 14th, 1904.

RESOLUTION.

Passed March 22d, 1904.

RESOLUTION.

DISCONTINUING THAT PART OF ALLDS ROAD CROSSING SALMON BROOK.

That the City of Nashua discontinue that part of the road, now known as Old Allds road, crossing Salmon brook and lying between the easterly line of Fifield street and the westerly line, extended, of that part of Old Allds road lying on the easterly side of Salmon brook, as indicated on a sketch hereto annexed and which is made a part of this resolution and which shall be made a part of the record, being a part of the road laid out by the selectmen of Dunstable, October 14, 1776, and recorded in Dunstable Town Record.

Passed March 22, 1904.

RESOLUTION.

GRANTING CERTAIN PRIVILEGES TO F. E. NELSON.

That Fred E. Nelson, his heirs and assigns, be authorized and allowed in the construction of his foundation walls on the Aaron W. Sawyer lot to have the same project 11 inches at the bedstone and above it 7 inches over his south line upon the land of the City, all said wall to be below the grade of the surface of the land of the City, upon the consideration that in case the City or its assigns should ever build on its northerly line it have the right to use so much of said wall as so projects over its line as a partial support and foundation. This shall be understood as an irrevocable license but not as a conveyance of so much land, and in case fire should totally destroy said Nelson building to be erected said license shall cease.

Passed April 12, 1904.

RESOLUTION.

EXEMPTING FROM TAXATION FOR A PERIOD OF TEN YEARS THE PROPERTY OF THE NASHUA CARD, GUMMED & COATED PAPER CO.

That all machinery, tools and stock in trade used in manufacture of paper of every kind and nature of the Nashua Card, Gummed and Coated Paper Company and any manufacturing establishment it proposes to erect or may erect and put into operation in said Nashua, and the capital to be used in operating the same shall be and is exempt from taxation for the term of ten years from March 31, 1904, including any additions it may make during said period to the buildings now situate on Franklin street in said Nashua and known as the Nashua Card & Glazed Paper Company property.

Passed April 26, 1904.

RESOLUTION.

OMITTING THE SECOND REGULAR MEETING DURING THE MONTHS OF JUNE, JULY, AUGUST AND SEPTEMBER.

That the second regular meetings of the City Councils be omitted during the months of June, July, August and September.

Passed May 24, 1904.

RESOLUTION.

FREE USE OF THE CITY HALL.

That the use of City Hall be granted the Nashua High school, gratis, for its concert of Thursday evening, May 12, 1904.

Passed May 24, 1904.

RESOLUTION.

OUTING OF THE CITY COUNCILS FOR 1904.

That the City Councils have an outing and that a committee of two aldermen and three councilmen be appointed with free power to act and make all arrangements for such.

Passed June 14, 1904.

RESOLUTION.

APPROPRIATING ONE THOUSAND DOLLARS TO ERECT A SCHOOL HOUSE IN DISTRICT NO. 5, IN NASHUA.

That the sum of one thousand dollars be and is hereby appropriated, out of any funds that may be available for such purpose.

Said sum so appropriated shall be used and expended in the erection and completion of a new school house in District No. 5 in said Nashua.

That a committee of two aldermen and one councilman be appointed to act in conjunction with a similar committee to be appointed by the Board of Education.

Said joint committee to constitute a Building Committee for the carrying out of the purpose herein set forth, and to have all authority and powers necessary for and incident to the making of contracts and all other arrangements necessary.

Passed June 21, 1904.

RESOLUTION.

APPOINTING A SPECIAL COMMITTEE TO INVESTIGATE AND ACT ON THE CITY OF NASHUA'S INTEREST IN THE ESTATE OF DANIEL HUSSEY.

That a special committee consisting of His Honor, the Mayor, and one alderman to be appointed by the Mayor, the President of the Common Council and two councilmen to be appointed by the president, to investigate as to the interest of the City of Nashua in the estate of Daniel Hussey.

The said Committee shall have full power to act for the City of Nashua in relation to its interest in the above Estate and the acts of said committee shall be binding on said City of Nashua.

Passed June 21, 1904.

RESOLUTION.

GRANTING THE FREE USE OF THE CITY HALL TO THE INTERNATIONAL ASSOCIATION OF MACHINISTS.

That the use of the City Hall for the evening of July 25th, 1904, for a mass meeting be granted to the International Association of Machinists for the actual cost of lighting the hall.

Passed July 19, 1904.

RESOLUTION.

CHANGING THE NAME OF LASARGE STREET TO LESSARD STREET.

That the name of Lasarge street in said Nashua be changed to Lessard street. Said street commences at the north side of Lock street and runs northerly to Jefferson street and on the easterly side of Tolles street and runs parallel with said Tolles street.

Passed July 12, 1904.

RESOLUTION.

EXTENSION OF PIERCE STREET.

That Pierce street be extended southerly across Woodlawn avenue, a new street, to land of the Nashua Street Railway Company according to a plan on file at the office of the City Engineer entitled "Plan and Profile of Woodlawn Avenue and Extension of Pierce Street," and dated 1904; on the condition that the land be deeded to the City of Nashua by James F. Whitney without additional expense over consideration named in deed to City of Nashua dated July 1, 1904.

Passed July 12, 1904.

RESOLUTION.

GIVING THE COMMITTEE ON CLAIMS POWER TO SETTLE THE MINOR CLAIMS AGAINST THE CITY.

That the Committee on Claims be and hereby are authorized to settle the various minor claims against the City upon the best terms possible.

Passed Aug. 9, 1904.

RESOLUTION.

APPROPRIATING THE SUM OF ONE THOUSAND FIVE HUNDRED DOLLARS FOR IMPROVEMENTS ON STREETS.

That the sum of one thousand five hundred dollars be and the same is hereby appropriated out of any money unexpended in the treasury for the purpose and to be expended for the proposed improvements on Pond street in said Nashua and to resurface Bowery street and Otterson street from Pond street to Harbor avenue in said Nashua.

Passed Aug. 22, 1904.

RESOLUTION.

EXEMPTING THE NEW ENGLAND COUNTER COMPANY'S PROPOSED PLANT FROM TAXATION.

That all buildings, machinery, tools and stock of the New England Counter Company to be erected and established in said Nashua shall be and is hereby exempt from taxation for the term of ten years, including any additions it may make during said time.

Passed Aug. 22, 1904.

RESOLUTION.

GIVING THE USE OF THE CITY HALL SATURDAY, OCT. 22, FOR THE COST OF LIGHTING.

That the Nashua High School class of 1905 be given the use of the City Hall, Saturday, Oct. 22, for the cost of lighting.

Passed Oct. 11, 1904.

RESOLUTION.

OMITTING REGULAR MEETING OF NOV. 8, 1904.

That the regular meeting of the City Councils Nov. 8th, next, be omitted.

Passed Oct. 25, 1904.

RESOLUTION.

AUTHORIZING THE MAYOR AND CITY TREASURER TO HIRE MONEY.

That the Mayor and City Treasurer are hereby authorized to hire forty thousand ($40,000.00) dollars to take up existing indebtedness and to give the promissory notes of the city therefor as follows: Twenty thousand ($20,000.00) dollars payable in one year, and twenty thousand ($20,000.00) payable in two years time.

Passed Oct. 25, 1904.

RESOLUTION.

AUTHORIZING THE PURCHASE OF CHAIRS FOR RESEATING THE CITY HALL.

That the special committee appointed to get figures for chairs for reseating the City Hall be authorized to sign a contract with the Nashua Novelty Works for 600 chairs No. 37, in oak, numbered, lettered and with hat wires, delivered at the City Hall on or before Dec. 10th, 1904, at a price of $1.02 per chair.

Passed Nov. 1, 1904.

SUPERINTENDENT'S REPORT.

Gentlemen of the Board of Education :

I beg to submit the following report, the 38th of its series:

In making my report for the past year, there are but few things which I wish to emphasize. The high school building, which the City of Nashua has needed for so many years, is at last an accomplished fact. In comparing this building with those of other cities, it seems to me that it possesses some points of especial excellence.

I would call attention to the two large study rooms with a seating capacity of 85 or 90 pupils each. This idea is not particularly unique and it seems surprising that it has not been adopted by more of the modern high schools. As will be readily understood, more than half of the pupil's time in school is devoted to study, the preparation of his daily lessons. In many school buildings these pupils are divided among the several rooms where recitations are in progress. This feature very often proves troublesome not only to those who are obliged to study while a recitation is going on, but also to the teacher whose attention is distracted from her recitation through the necessity of looking after the pupils who may be seated in her room. Our two large study rooms enable us to do away with this objectionable feature, by assembling all the pupils who are not engaged in recitation, in one or the other of these rooms where a teacher is always in attendance who devotes her entire time and attention to the wants of the pupils. Reference books and other aids are readily accessible and may be obtained without interruprupting in the least the progress of any recitation.

Another very commendable feature of the new building is the accessibility of the common lecture room to the physical and chemical laboratories. Pupils can pass directly from their labo-

ratory work to the lecture room, which is furnished with all the modern appliances, and there listen to a lecture by the teacher without disturbing any recitation and without passing up and down stairs. This is indeed a great improvement over the Spring street building where the physical and chemical laboratories are separated by four flights of stairs.

I cannot speak too strongly of the commercial course for the high school. In this particular we have been many years behind the curricula of other high schools. I would urge upon the Board of Education the necessity for making this course equivalent in every respect to the other courses in the school.

It would be a great mistake to formulate a commercial course which the pupils might regard as inferior, so far as work was concerned, to the other courses. A diploma from this department should mean as much work performed as does a diploma from the classical or the general course.

There is ample scope for laying out a curriculum in the commercial department which will fully realize this idea. A thorough course in book-keeping, arithmetic, including rapid calculation, penmanship, shorthand and typewriting, as the fundamentals, may be broadened by the addition of business practice, including business methods and customs, history of commerce and commercial geography; while under English, a full course might be offered in spelling, grammar and punctuation, business correspondence, composition and rhetoric; and under civics might come commercial law, civil government and economics. As will be readily seen a pupil who passes through a course as comprehensive as the above, has a thorough foundation not only for mere clerical work but for any position along the lines of commercial opportunities.

MANUAL TRAINING.

In the introduction of the commercial course, the Board of Education has taken a long step toward the practical in education, but it seems to me we should go much further and provide

not only for those pupils who wish to enter the commercial life, but also for those who intend to earn their daily bread through their manual dexterity. I have already, in previous reports, spoken at length on this matter, but the question is one of such vital importance that it cannot be repeated too often or emphasized too strongly. It was particularly pleasing to have the Mayor of the City of Nashua suggest in his inaugural address the urgent need of greater educational facilities along this line.

He even mentioned the use of the Main street building as being especially well adapted, from its central location, for the purposes of a manual training school. It must be borne in mind that the very existence of Nashua as a city depends in a large measure upon the excellence of its manufacturies, and these in turn are dependent upon the manual skill of the workmen employed. There can be no doubt that the people from the working classes would welcome a practical course in manual training for their children. It would solve immediately one of the most perplexing problems with which we have to deal, namely, the loss of children from the fifth grade through the high school. It is the universal complaint among educators that as soon as the law will allow, a large per cent. of pupils leave school for the shops or the homes. While doubtless poverty may account in a certain measure for the loss, yet it is true that many parents feel that the schools do not offer to their children courses of sufficient practical utility. While it is not my intention to belittle the worth of the present studies as at present taught, still we must recognize in some way the increasing demand for more practical studies in the public school system.

In an exhaustive treatise on "Why Pupils Leave School" by Calvin M. Woodward of the St. Louis Board of Education, Mr. Woodward brings out the fact that in Boston 56 per cent. of the children drop out of the school between the second and the eighth grade; in Chicago 74 per cent. drop out during the same time; while in St. Louis 86 per cent. leave school between these grades. In our own city I find that we are on a par with Boston, and that 56 per cent. leave school between the second and

eighth grades. Although the following quotation which I take from Mr. Woodward's report does not apply to our schools with so great a force as it does to those of St. Louis, yet it certainly provides us with some definite conclusions.

"A great mass of people in this city (St. Louis) seem to have settled down to a confirmed habit of letting their children stop in the middle of the school course. To stop this practice, the Board of Education, the teachers, and all friends of public education should bend all their energies. All obstacles to continuance in school should be removed and all reasonable allurements should be held out to induce a new habit, namely, that of completing the entire school course."

"To have pointed out the causes of the insufficient attendance in our higher grades is almost to have suggested the remedies. The course of study in the higher grammar grades in every school must be enriched by manual training and domestic science, while a system of high schools including manual training classes must be established."

The demands made upon education today are wholly different from those of former times, but they are none the less positive. Great and far reaching forces have changed the conditions, and education, if it would be correct, must be in harmony with these conditions. Public education can in no sense mean class education, but it must be far reaching enough to promote national political interest by stimulating and producing productive energy. The entire question of the changed conditions, in so far as education is affected by them, must be taken into consideration.

The following quotation from an address by Professor A. Riedler, Rector of the Polytechnic Institute of Berlin, is instructive in showing how powerfully this idea of the over-balance of the old curriculum has taken hold of the keenest minds not only in this country but abroad.

"An immense over-valuation of erudition at present predominates in place of applied knowledge, to which no special significance seems to attach. The mania still prevails to treat all subjects historically although history is often only a history of

errors, and the young are tortured by these errors instead of being trained to clear judgments.

"For true education there is no other foundation than that of reality. The obstacle in the way of development of a correct mode of thought is the prevailing false training, mostly supported by dogmas which admit of nothing except blind acceptation. Take these dogmas away and the whole educational structure will fall. I merely refer, as an example, to the enormous overvaluation of language, or more properly speaking, gramatical instruction.

There is much historical tradition in education, especially in classical schools, and generally in linguistic education. The contention concerning the course of study in secondary or preparatory schools is frequently based on false grounds.

The ruling system of education favors language intsruction, merely the forms of thought, too much; contents seem to be of secondary importance. This leads to verbality, shallow interpretation and fruitless criticism. A consequence of the present educational code is that young men are not conscious of the importance of correctness of thought above mere form."

SCHOOL LIBRARIES.

Although the matter of school libraries has been under consideration for a number of years, it is only within a few months that we have actually had them in operation. The time has been short but it is perfectly evident that they are meeting with great favor, not only by the pupils but by the teachers as well.

The idea of the school library is primarily to direct the home reading of the child. It is undoubtedly true that many children who pass through the public schools have no better home reading than the cheapest of the trashy publications so common at the present time. It is impossible to cultivate in the minds of such children an appreciation of good literature so long as their homes are filled with this vile literary matter. The book which the child takes from the school-room and which has been care-

fully selected, must eventually improve his taste for good literature, to say nothing of the indirect influence which this class of reading will have upon the parent.

The library system is so arranged that as the child is promoted from room to room, he will meet an entirely new set of books, a trifle more difficult than those of the grade below, so that after he has passed through the nine grades, he will have read two or three hundred good books under the skilful direction of the teacher.

The children in the suburban schools who have had no access to the public library are particularly delighted with their school libraries. The purpose in these outlying districts is to change the libraries from school to school thus giving each child an opportunity to eventually read every book in the six different sets —one for each of the six suburban schools. A set of agricultural books by some of the best writers on the different phases of agriculture has also been included in this list for suburban libraries. I believe that nothing the Board of Education has done for the suburban schools has given greater pleasure, or will do a greater amount of good, than the installation of these school libraries.

In conclusion I wish to express my sense of obligation to the corps of teachers and also to you, gentlemen, members of the Board of Education.

Respectfully submitted,

JAMES H. FASSETT.

REPORT OF THE DIRECTOR OF MUSIC.

NASHUA, N. H., January 1, 1905.

To Mr. James H. Fassett, Superintendent of Schools:

Dear Sir:—With this the eighth annual report of the department of music in the public schools of Nashua, the director will answer a question which has often been asked by well intentioned citizens. The question is: "What relation does school music hold to the community?"

Two hundred years ago an English philosopher said: "Let me write the songs of a nation and I care not who makes its laws!" And only recently a German professor of sociology, who was travelling in the United States, said: "On the continent the culture of a community can be accurately determined by the number of choral societies in its midst." If to sing in the choral society, the social circle, the chucrh, the Sabbath school and by one's self has a refining influence, our schools are certainly doing a noble and uplifting work for the community and the commonwealth. The study of music in our schools is so arranged that the most possible good will be acquired in this beautiful art during the child's school life. That this is being done is evident from that fact that many recent graduates of our high school, and several pupils now in the school, are among the most valued members of the Nashua Oratorio society, and their eligibility for membership in this widely known society consists of their knowledge of music, the ability to read music at sight, and their acquaintance with large choral works, which are studied in the high school. But I need not go farther to show that there will be a place for each school boy and girl when society and its various organizations and institutions shall come into its rightful heritage, and when its social organizations shall be adequate to meet the purposes of a higher and nobler existence. School is the place, as has been said, where preparation for this work must mostly be made.

Last September a very important book in American musical literature was added to the already fine list of text-books in our schools, the Laurel Song Book, which is being used in our upper grammar grades with beneficial results. The schools of Nashua stand in a unique position among the schools of the land in that the study of music is not confined to any one course of music readers, or to the books of any particular publishing house. The books used have been selected with discriminating care as to their fitness both from the musical and literary standpoint. We are now equipped with a series of the best music readers selected from the several courses published, which it would be impossible to excel. In my last report, one year ago, I gave an outline of the course from the first primary grade to the upper grammar, and we are still carrying on the work in the same manner.

The high school choral class took part in the May music festival last spring, at which time the chorus sang the dramatic cantata "The Crusaders," composed by Gade. In this concert the chorus was assisted by Miss Helen Ward, pianist, the New Hampshire Philharmonic orchestra and New York and Boston soloists, namely Mrs. Caroline Cutler, soprano; Glenn Hall, tenor and Gwilym Miles, baritone. And this school has now in preparation the cantata "Gallia," composed by Gounod and Gade's "Erl King's Daughter," which will be given with orchestra and eminent soloists at Nashua's music festival next May.

There is a healthy enthusiasm throughout our schools, and it is pleasant to record that no class has suffered for want of material. The Board of Education, through its music committee, has supplied us with all we have needed in this work, for which your supervisor is thankful.

Toward you, Mr. Superintendent, I feel very grateful, for the help and encouragement received at your hands. Toward the teachers I also feel grateful for their hearty co-operation.

Respectfully submitted,

EUSEBIUS G. HOOD,

Director of Music.

REPORT OF DIRECTOR OF DRAWING.

James H. Fassett, Superintendent of Schools:

Dear Sir:—In previous reports I have explained my course in drawing and mentioned the changes and improvements that have been made from time to time. During the year that has just passed, while the progress has been satisfactory, there have been few changes in the general plan of the work and, therefore, I am going to take this opportunity to speak of the simple manual work that was done in the schools last winter.

A little more than a year ago you decided to permit any teacher who cared to do so to spend one hour a week in giving her pupils some kind of manual training. A variety of work was attempted. Woven and sewed baskets were made. Rugs were woven on hand looms, and in the line of sewing, face cloths were hemmed, pillows and bags were made and darning and hemstitching were taught.

While I did not supervise this work in the same way that I do the drawing, the teachers were very cordial in asking my advice and following my suggestions, and in some of the smaller schools where the drawing lessons do not take quite the whole of a morning or an afternoon, I did some of the teaching.

There are two reasons why I am particularly interested in this work. The first is that any systematic manual training continued through several grades will help the drawing materially, and the second is that the work gives pupils an opportunity to apply their art training to a practical purpose.

During all the lessons a great effort was made to impress the pupils with the idea that they were to make beautiful as well as useful objects, and they were led to see how principles learned in lessons in form, color and design could be applied to this work.

In May an exhibition of the work was held at the Amherst street school through the kindness of the principal, Miss L. P. Shepard. The schools which sent work were the Amherst street, Arlington street, Palm street, Harbor, Main street, and O'Donnell schools. Every one was surprised by the excellence of the work.

One of the good results of the exhibition is that nearly twice as many teachers have asked to do manual work this year, and from what I have seen so far I think there is reason to expect a much higher degree of excellence this year than last.

In the past year, as in previous years, I feel that I have received the cordial support of the Board of Education, the Superintendent, and the teachers, and I thank them for it.

Respectfully submitted,

ELIZABETH L. BUCKINGHAM.

GRADUATING EXERCISES

NASHUA HIGH SCHOOL,

. . . Class of 1904, . . .

City Hall, June 17th, 1904,

At 9 o'clock, A. M.

PROGRAM.

PRAYER,

Rev. F. C. Rogers.

CLASS ORATION, The Motto,

William R. Kirkpatrick.

"The Heavens Resound," L. von Beethoven

Class.

The heav'ns resound with His praises eternal,
In might and glory they combine
To tell His name thro' the earth and the oceans,
That man may hear the word divine.
He holds the sun in the blue vaulted heavens,
He plants His foot upon the world;
The myriad stars bow in willing subjection;
The universe His hand unfurled.

The Lord is God! He is King of creation;
In His right hand he holds them all;
His children, we, in love and devotion,
Before His might and power fall.
O Father, hear! we Thy sons bring our blessings,
Our pray'rful thanks to Thee we raise;
The heav'ns resound; break O earth, into glory,
To serve! adore! and sing His praise!

Andrea Hofer.

ADDRESS:—

Hon. P. H. Sullivan, Nashua High School, Class of '83.

"The Stormy Evening," George W. Chadwick

Class.

The stormy evening closes now in vain,
Loud wails the wind and beats the driving rain,
While here in sheltered house with fire-ypainted walls,
I hear the wind abroad, I hear the calling squalls—
"Blow, blow!" I cry, "you burst your cheeks in vain!
Blow, blow!" I cry, "my love is home again!"

"Yon ship you chased perchance but yesternight
Bore still the precious freight of my delight,
That here in sheltered house with fire-ypainted walls,
Now hears the wind abroad, now harks the calling squalls—
"Blow, blow," I cry, "in vain you rouse the sea,
My rescued sailor shares the fire with me!"

Robert Louis Stevenson.

PROPHECIESS—Part I.

Katherine B. Sexton.

"Good Bye, Sweet Day," Kate Vannah

Gertrude I. Pierce.

I have so loved thee, but cannot, cannot hold thee.
Fading like a dream the shadows fold thee;
Slowly thy perfect beauty fades away;
Good bye, sweet day!

Dear were thy golden hours of tranquil splendor,
Sadly thou yieldest to the evening tender;
Thou wert so fair from thy first morning ray,
I have so loved thee, but cannot, cannot hold thee,
Dying like a dream, the shadows fold thee;
Slowly thy perfect beauty fades away;
Good bye, sweet day!

Thy glow and charm, thy smiles and tones and glances
Vanish at last, and night advances;
Ah, couldst thou yet a little longer stay!
Good bye, sweet day!

All thy rich gifts my grateful heart remembers,
The'while I watch thy sunset's smould'ring embers
Die in the west beneath the twilight gray;
Thy glow and charm, thy smiles and tones and glances
Vanish at last and night advances;
Ah, couldst thou yet a little longer stay!
Good bye, sweet day!

Celia Thaxter.

PROPHECIES:—Part II.

Ivan E. Winslow.

VALEDICTORY, WITH ESSAY, "How Shall We Succeed?"

Gladys I. Wingate.

"Marching Song of Stark's Men," Benjamin Whelpley

Class.

March! March! March! from sunrise till it's dark,
And let no man straggle on the way!
March! March! March! as we follow old John Stark,
For the old man needs us all today.
Load! Load! Load! three buckshot and a ball,
With a hymn-tune for a wad to make them stay!
But let no man dare to fire 'till he gives the word to all,
Let no man let the buckshot go astray.

Fire! Fire! Fire! all along the line,
When we meet the bloody Hessians in array!
They shall have ev'ry grain from this powder-horn of mine,
Unless the cowards turn and run away.

Home! Home! Home! when the fight is fought and won,
To the home where the women watch and pray!
To tell them how John Stark finished what he had begun,
And to hear them thank our God for the day.

Edward Everett Hale.

PRESENTATION OF DIPLOMAS,

Bradford Allen, M. D., President of Board of Education.

AWARD OF NOYES PRIZE MEDALS,

James H. Fassett, Superintendent.

CLASS OF 1904.

Of Valedictory Rank.
